**SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING**

The financial statements of Fort McMurray Catholic Board of Education presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with Canadian Public Sector Accounting Standards and follow format prescribed by Alberta Education.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of budgetary control.

***Board of Trustees Responsibility***

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release.

***External Auditors***

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records.

***Declaration of Management and Board Chair***

To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position, results of operations and cash flows for the year in accordance with Canadian Public Sector Accounting Standards.

## Independent Auditors' Report

---

To the Board of Trustees of the Fort McMurray Catholic Board of Education:

We have audited the accompanying financial statements of the Fort McMurray Catholic Board of Education, which comprise the statement of financial position as at August 31, 2014 and the statements of operations, cash flows, changes in net debt and remeasurement gains and losses, and schedules of changes in accumulated surplus, capital revenue, program operations, and plant operations and maintenance expenses for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fort McMurray Catholic Board of Education as at August 31, 2014, and the results of its operations, cash flows and changes in net debt and remeasurement gains and losses for the year then ended in accordance with Canadian public sector accounting standards.

## 1. AUTHORITY AND PURPOSE

The Fort McMurray Catholic Board of Education (the "School Board") delivers education programs under the authority of the School Act, Revised Statutes of Alberta 2000, Chapter S-3. The School Board is exempt from income taxes under Section 149 of the Income Tax Act.

The School Board receives funding for instruction and support under Education Grants Regulation (AR 120/2008). The regulation allows for the setting of conditions and use of grant monies. The School Board is limited on certain funding allocations and administration expenses.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with the CICA Canadian public sector accounting standards (PSAS). The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

### a) Cash and cash equivalents

Cash and cash equivalents include cash and investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These short-term investments have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

### b) Accounts receivable

Accounts receivable are shown net of allowance for doubtful accounts.

### c) Portfolio investments

The School Board has investments in guaranteed investment certificates ("GIC"), term deposits, bonds, equity instruments and mutual funds that have no maturity dates or a maturity of greater than three months. GIC's, term deposits and investments not quoted in an active market are reported at cost or amortized cost.

Portfolio investments in equity instruments that are quoted in an active market are recorded at fair value and the associated transaction costs are expensed upon initial recognition. The change in the fair value is recognized in the Statement of Remeasurement Gains and Losses as a remeasurement gain or loss until the portfolio investments are derecognized. Upon derecognition, the accumulated remeasurement gains or losses associated with the derecognized portfolio investments are reversed and reclassified to the Statement of Operations.

Impairment is defined as a loss in value of a portfolio investment that is other than a temporary decline and is included in the Statement of Operations. In the case of an item in the fair value category, a reversal of any net remeasurement gains recognized in previous reporting periods up to the amount of the write-down is reported in the Statement of Remeasurement Gains and Losses. A subsequent increase in value would be recognized on the Statement of Remeasurement Gains and Losses and realized on the Statement of Operations only when sold.

Detailed information regarding portfolio investments is disclosed in Note 5.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### d) Tangible capital assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the asset. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value at the date of donation, except in circumstances where fair value cannot be reasonably determined, when they are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at original cost less accumulated amortization.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Sites and buildings are written down to residual value when conditions indicate they no longer contribute to the ability of the School Board to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. For supported assets, the write-downs are accounted for as reductions to expended deferred capital revenue.
- Buildings that are demolished or destroyed are written-off.
- Tangible capital assets with costs in excess of \$5,000 are capitalized.
- Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School Board are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School Board's rate for incremental borrowing or the interest rate implicit in the lease.
- Tangible capital assets are amortized over their estimated useful lives on a straight-line basis, at the following rates:

Land	Not amortized
Land improvements	20 years
Buildings	25 – 40 years
Vehicles & Buses	5 – 10 years
Computer Hardware & Software	3 – 5 years
Other Equipment & Furnishings	5 – 10 years

### e) Deferred revenue

Deferred revenue includes contributions received for operations which have stipulations that meet the definition of a liability per PSAS - PS 3200. These contributions are recognized as deferred revenue by the School District once it has met all eligibility criteria to receive the contributions. When stipulations are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability.

Deferred revenue also includes contributions for capital expenditures, unexpended and expended. Unexpended Deferred Capital Revenue represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the jurisdiction, but the related expenditure has not been made at year-end. These contributions must also have stipulations that meet the definition of a liability per PS 3200 when expended.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expended Deferred Capital Revenue represents externally restricted supported capital funds that have been expended but have yet to be amortized over the useful life of the related capital asset. Amortization over the useful life of the related capital asset is due to certain stipulations related to the contributions that require that the school jurisdiction use the asset in a prescribed manner over the life of the associated asset.

### f) Employee future benefits

The School Board provides certain post-employment and retirement benefits including vested and non-vested benefits for certain employees pursuant to certain contracts. The School Board accrues its obligations and related costs for vested benefits under employee future benefit plans. The obligation recorded is for the Supplementary Employee Retirement Plan (SERP).

The SERP is a non-registered retirement program sponsored by the Alberta School Board Association (ASBA). It commenced in 2005 and provides supplementary pension benefits to a prescribed class of employees. The SERP supplements the LAPP, ATRF, and the SiPP pension plans. The cost of the SERP post-retirement benefits earned by employees is actuarially determined using the projected-benefit method prorated on service and management's best estimate of salary and benefit escalation and retirement ages of employees. It is reported as an employee future benefit liability.

### g) Operating and capital reserves

Certain amounts are internally restricted for future operating or capital purposes. Transfers to and from reserves are recorded when approved by the Board of Trustees. Capital reserves are restricted to capital purposes and may only be used for operating purposes with approval by the Minister of Education. Reserves are disclosed in the Schedule of Changes in Accumulated Surplus.

### h) Revenue recognition

Revenue is recorded on an accrual basis. Instruction and support allocations are recognized in the year to which they relate. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Volunteers contribute a considerable number of hours per year to schools to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Contributed services are not recognized in the financial statements.

Eligibility criteria are criteria that the School Board has to meet in order to receive certain contributions. Stipulations describe what the School Board must perform in order to keep the contributions. Contributions without eligibility criteria or stipulations are recognized as revenue when the contributions are authorized by the transferring government or entity. Contributions with eligibility criteria but without stipulations are recognized as revenue when the contributions are authorized by the transferring government or entity and all eligibility criteria have been met.

Contributions with stipulations are recognized as revenue in the period the stipulations are met, except when and to the extent that the contributions give rise to an obligation that meets the definition of a liability in accordance with PSAS 3200. Such liabilities are recorded as deferred revenue.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### i) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

#### Allocation of Costs

- Actual salaries of personnel assigned to two or more programs are allocated based on the time spent in each program.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

### j) Pensions

Pension costs included in these financial statements comprise the cost of employer contributions for current service of employees during the year.

Current and past service costs of the Alberta Teachers Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the School Division does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers Retirement Fund on behalf of the jurisdiction is included in both revenues and expenses. For the school year ended August 31, 2014, the amount contributed by the Government was \$3,559,150 (2013 - \$2,929,624).

The School Board participates in a multi-employer pension plan, the Local Authorities Pension Plan, and does not report on any unfunded liabilities. The expense for this pension plan is equivalent to the annual contributions of \$942,188 for the year ended August 31, 2014 (2013 - \$794,178). At December 31, 2013, the Local Authorities Pension Plan reported an actuarial deficiency of \$4,861,516,000 (2012 - deficiency of \$4,977,303,000).

The Alberta School Boards Association ("ASBA") Supplementary Integrated Pension Plan ("SiPP"), a multi-employer registered defined-benefit pension plan sponsored by the ASBA which is subject to the provisions of the Alberta Employment Pension Plans Act, was effective January 1, 2004. It provides supplementary pension benefits to a prescribed class of employees. The plan supplements the LAPP or the ATRF. The current service contributions in 2014 were \$19,700 (2013 - \$20,100).

### k) Program reporting

The School Board's operations have been segmented into operating segments established to facilitate the achievement of the School Board's long-term objectives to aid in resource allocation decisions, and to assess operational performance. The segments are differentiated by major activity as follows:

- **ECS - Grade 12 Instruction:** The provision of Early Childhood Services education and Grades 1 - 12 instructional services that fall under the basic public education mandate.
- **Plant Operations and Maintenance:** The operation and maintenance of all school buildings and maintenance shop facilities.
- **Transportation:** The provision of regular and special education bus services (to and from school), whether contracted or School Board operated, including transportation facilities.

# FORT MCMURRAY CATHOLIC BOARD OF EDUCATION

Notes to the Financial Statements  
For the year ended August 31, 2014

---

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **School Board & System Administration:** The provision of board governance and system-based / central-office administration.
- **External Services:** All projects, activities and services offered outside the public education mandate for ECS children and students in Grades 1 - 12. Services offered beyond the mandate for public education are to be self-supporting, and Alberta Education funding may not be utilized to support these programs.

The allocation of revenues and expenses are reported by program, source and object on the Schedule of Program Operations.

### l) Trusts under administration

The School Board has property that has been transferred or assigned to it to be administered or directed by a trust agreement or statute. The School Board holds title to the property for the benefit of the beneficiary.

Trusts under administration have been excluded from the financial reporting of the School Board. Trust balances can be found in Note 16.

### m) Financial instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School Board recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and accrued liabilities, debt and other employee future benefit liabilities. Unless otherwise noted, it is management's opinion that the School Board is not exposed to significant credit and liquidity risks, or market risk, which includes currency, interest rate and other price risks.

Portfolio investments in equity instruments quoted in an active market and derivatives are recorded at fair value. All other financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of items measured at cost or amortized cost upon initial recognition. The gain or loss arising from derecognition of a financial instrument is recognized in the Statement of Operations. Gains and losses arising from changes in fair value are recognized in the Statement of Remeasurement Gains and Losses. Impairment losses such as write-downs or write-offs are reported in the Statement of Operations.

### n) Measurement uncertainty

The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits.

## 8. DEFERRED REVENUE

Deferred revenue consists of revenue that has not yet been allocated to specific activities, revenue that has been allocated to activities to be carried out in future years, and the unexpended portion of revenue on activities in progress at August 31, 2014. The following table represents changes in the deferred revenue balance attributable to each major category of external restrictions:
