

Eligible Educator School Supply Tax Credit

Purpose

The Federal Government introduced this tax credit effective for the 2016 tax year. An eligible educator can claim a 15% refundable tax credit based on the personal purchase of eligible teaching supplies of up to \$1,000. - Educators should complete one [tax credit form](#) for each school at which they taught at in a given calendar year.
- The [tax credit form](#) must be completed and signed by the educator and the principal of the school. Principals may only approve items used in their schools. Principals must be satisfied that the materials listed were purchased to enhance learning in the classroom or the learning environment itself.

- The total of the eligible expenses, up to a maximum of \$1,000, is then claimed on the educator's personal income tax return.
- The completed form and receipts DO NOT have to be included with the tax return but educators should keep them in case the Canada Customs and Revenue Agency (CRA) asks to see them. Records must be retained in accordance with CRA guidelines.
